WHAT WE DO

Human Rights In China (HRIC) is an international, Chinese, nongovernmental organization with a mission to promote international human rights and advance the institutional protection of these rights in the People's Republic of China. Our strategic advocacy, research and publications, and outreach activities support human rights defenders and independent civil society groups in China at a time when the risks are growing increasingly severe.

Your support and generosity will enable HRIC to continue to:

- Advance the rule of law and foster the growth of civil society in China.
- Strengthen the institutional protection of human rights through casework, policy advocacy, and electronic advocacy.
